Support Letter

Mons, October 28th, 2021

Mohammed EL ADOUI obtained his Ph.D. At the University of Mons, Faculty of Engineering, Computer Engineering and Artificial Intelligence Unit (ILIA Lab) in January 2021. He acted as a Researcher and Teaching Assistant in our Department, since November 2015, with our entire satisfaction. He is a hard worker, conscientious, open-minded, ready to meet new challenges, either scientific or pedagogic.

His work on Medical Imaging exploiting AI has currently led to 10 international publications.

I strongly support his application to any Post-Doc position in AI, Machine Learning or Image Processing. This would be a perfect follow up of his current position.

Sincerely,

A handwritten signature in black ink that reads "P. Manneback".

Prof. Pierre MANNEBACK
Past Head of Department of CS and
Management, and ILIA Lab
Faculty of Engineering
University of Mons
