

**Letter of Recommendation for
Ph.D. Mohammed EL ADOUI**

Mons, October 30th ,2021

To whom it may concern,

I, the undersigned, Mohammed Benjelloun, in my capacity as Professor and Head of the Computer Engineering and Artificial Intelligence Unit (ILIA Lab), University of Mons, Faculty of Engineering, hereby certify that Mr. Mohammed El Adoui has obtained his Ph.D. in my department in January 2021.

As his thesis supervisor, I have known him since November 2015, his beginning at the Faculty Polytechnic of Engineering. To the great satisfaction of all his colleagues, he acted as a researcher and teaching assistant. Thanks to his knowledge in the field of computer science and his pedagogical qualities, his vivacious spirit and disciplined approach to learning, he was able to participate in all levels of the department teaching.

He does his work conscientiously, and he has an amazing capacity for fulfilling his responsibilities in a great variety of activities. He has the ability to carry out research independently. He is extremely disciplined in his work. His analytical skills are highly developed and he is always thorough in what he does.

It gives me great pleasure to recommend Mohammed El Adoui and support his well-founded decision to pursue his career in the field of his research. He is a hard worker, conscientious, open-minded, ready to meet new challenges, either scientific or pedagogic. His accomplishments will undoubtedly make him a highly recruited person for top employers.

In sum, for the qualities mentioned above, I highly recommend Mohammed El Adoui to any work in the field of computer science and particularly in AI, Machine Learning or Image Processing.

Sincerely,

A handwritten signature in blue ink, appearing to be 'M. Benjelloun', written over a light blue circular stamp.

Prof. Mohammed Benjelloun
Head of Department of CS ILIA Lab
Faculty of Engineering
University of Mons
